Lead2pass 2017 September New Microsoft 70-346 Exam Dumps! 100% Free Download! 100% Pass Guaranteed! Thank you so much Lead2pass. You helped me passing my 70-346 exam easily, 90% of the exam questions from the dump appeared in my exam. Following questions and answers are all new published by Microsoft Official Exam Center: https://www.lead2pass.com/70-346.html QUESTION 161Your company uses Office 365 and has an Enterprise E3 license plan. Employees are issued laptop computers that are configured with a standard image.The image includes an installation of Office 365 ProPlus that must be activated by the employees. An employee recently received a new laptop computer to replace an older laptop. The older laptop will be reimaged. When the employee attempts to start Word for the first time, she receives a message saying that she cannot activate it because she has already activated five devices. You need to help the employee activate Office on her new laptop computer.What should you do? A. Assign a second E3 license to the employee.B. Remove the employee's E3 license and then assign a new E3 license.C. Sign in to the Office 365 portal as the employee and deactivate the old laptop.D. Sign in to the Office 365 portal by using your Global Admin account and then deactivate the old laptop Answer: Answer: DExplanation:Deactivating Office on a particular device for a specific user can be done with either logging in as the employee and deactivating it, or by using your Global Admin account.Sign into the Office 365 Portal -> Users -> Active Users -> Select User Name -> Edit Office Installations and pick the device you want to remove.
